ORDINATION OF NEW LEADERS

Moving beyond one generation visionary and Disciple making leadership into the fourth(4th) generation leadership. **Six (6) seminary students** graduated and commissioned into full time ministry at the just ended Easter Convention.

One highlight for this session, is the ordination of Sam Dunya Junior, the first son of Pastor Sam Dunya who would join the second-generation leaders to serve. It was with great joy to witness this amazing occasion. As a ministry it brings us joy to see more disciples raised. We are ever ready to raise intentional disciple making leaders for making maximum impact and bearing lasting fruits for the kingdom.

VISION SYNERGY

Rev. Samuel Anthony Kofi Dunya presented in Lome on the 13th of March 2024 on the vision, mission, and goals of Vision Synergy.

This moment was a gathering of leaders of different denominations to share ideas on ways to unite and project the name of Jesus to the unreached areas. Vision Synergy is basically helping churches to work collaboratively in seeing the Great Commission breakthrough amongst the unreached in West Africa. According to Rev. Sam Dunya “For no one denomination can complete the enormous task remaining, but working collaboratively with intentionality we can see a church planting movements among all unreached people groups in West Africa and sub-Saharan Africa for Jesus Christ. Vision Synergy has this as its vision, and it’s my singular vision for West and sub-Saharan Africa for Jesus Christ”.
